Coal People Life In Southern Colorado Company Towns 1890-1930

Coal People - Richard J. Oglesby 1998 The focus of this book is potatoes for use in livestock and Southern agriculture.

Coal People - Conrad A. Robinson 1984 Using coal history, company records, and census data, Conrad A. Robinson points to a social trend of women engaging in the coal industry. He analyses the participation of women and their families in the coal mining industry and the impact of the industry on their lives.

Radicals in the Barrio: Latino Activism in Chicago 1900-1920 - David L. G. Levy 2000 This book explores the political activity of Latinos in Chicago during the early 20th century. It focuses on the role of women in the radical movement and their contributions to the struggle for social justice.

Historians often portray women as passive and submissive, but this book challenges that stereotype by providing a thorough analysis of their activism. It highlights the role of women in the labor movement, social reform, and political organizing.

Life, Work, and Rebellion in the Coal Fields: Red Book Colorado 2015-1920 - the book by the Denver Post focuses on the experiences of coal miners and their families in the mining towns of Colorado. It explores the challenges and hardships faced by miners and their families, as well as the resistance they organized to fight for their rights.

Coal People - Helen Ring Robinson 2010-11 This book focuses on Helen Ring Robinson, a former Colorado senator, and her activism in the women's suffrage movement and World War I. It examines her role in promoting women's rights and education and her support for the war effort.

Coal People - Thomas G. Andrews 2009 This book offers a bold and original perspective on the 1914 Ludlow Massacre and the “Great Coal War.” It illuminates the causes and consequences of the militancy that erupted in colliers’ strikes during this pivotal period in labor history.

Coal People - David J. Thompson 2013 This book explores the role of women in the labor movement, particularly in the context of coal mining. It examines the ways in which women participated in strikes and rallies, and the challenges they faced in organizing and fighting for their rights.

Coal People - Phylis Cancilla Martinelli 2015 This book rewrites the history of race, immigration, and labor in the United States. It focuses on the experiences of Italian immigrants in their relationships with Anglo, Mexican, and Spanish miners (and at times, women) in the coal mining industry.

Coal People - James Marten 2014 In the decades after the Civil War, urbanization, industrialization, and immigration marked the start of the Gilded Age, a period of rapid economic growth that saw huge social upheaval. Reformers responded to the social and economic chaos with a “search for order,” as famously described by historian Robert Wiebe. This book examines the efforts of miners and their families to improve their working conditions and fight for justice.

Coal People - Richard J. Clyne 1999 This book focuses on the experiences of coal miners and their families in the mining towns of Southern Colorado. It examines the challenges and hardships faced by miners and their families, as well as the resistance they organized to fight for their rights.

Coal People - Corbin N. Woolridge 2010-11 This book examines the role of women in the labor movement, particularly in the context of coal mining. It examines the ways in which women participated in strikes and rallies, and the challenges they faced in organizing and fighting for their rights.

Coal People - Thomas G. Andrews 2010-11 This book offers a bold and original perspective on the 1914 Ludlow Massacre and the “Great Coal War.” It illuminates the causes and consequences of the militancy that erupted in colliers’ strikes during this pivotal period in labor history.

Coal People - John Paul Reif 2009 Focusing on the political actors of the coal mining industry, this book examines the role of the coal mining industry in shaping American politics. It explores the ways in which coal miners and their families fought for their rights, and the ways in which their struggles were reflected in national politics.

Coal People - Lisa V. M. Corbin 2010 This book examines the role of women in the labor movement, particularly in the context of coal mining. It examines the ways in which women participated in strikes and rallies, and the challenges they faced in organizing and fighting for their rights.

Experience in the Historical Borderlands

Cecilia M. Martinez 2010-07-10 This is an original project about the experiences of people who lived in the borderlands of Northern New Mexico and Southern Colorado. These individuals were of Spanish and indigenous Pueblo and Plains Indian ancestry. The creator to this book will experience his historical background of New Mexico and Colorado. If the reader is also familiar with the experiences of the Spanish in the Southwest, they will have a better understanding of the shared ancestry many from this region share. (Gilberto Spanos)

Removing Mountains

permeated throughout with discussions of community and events that are relevant to anyone who lived in a small town or rural community in mid-twentieth century America. A mining community in rural Southern Appalachia charged ahead into the technology-driven latter half of the twentieth century, with the struggle to define the new relationships that relate to those portrayed by the author. While the book is largely autobiographical, it is

Coal Dust

provides an intimate look at the community and the people who influenced the author's young life growing up in post-World War II Casualfield, Tennessee. Times were changing in Casualfield as old traditions passed away and the former coal mining community in rural Southern Appalachia changed shape into the technology-driven latter half of the twentieth-century. Readers will recall their own personal experiences and relationships that relate to those portrayed by the author. While the book is largely autobiographical, it is

Mountain Mafia

is a brief history of the Black Hand and Mafia in the Rocky Mountain region. It...for the 20th century, including Roma, Gypsies, and the like.

Memory of a Miner

is a true account of one man's journey as an old-school miner in the southern Appalachian coal mining region of Harlan County, Kentucky, between 1931 to 1958. This is the same period that "Bloody Harlan" gained its reputation as the battleground for some of the most volatile and insidious conflicts over worker's rights this country has ever known. Although columns have been written about the struggles and sacrifices that defined this time and place in American history, an important reality is usually missing in those accounts...the fact that despite the coal wars at home and a World War abroad, the fun times shared and the memories formed are an integral part of the legacy. Memory of a Miner retells the historical integrity of the period by weaving facts of record with first-hand accounts of a miner's right in the thick of it all. Readers who fancy stories about salt-of-the-earth folk who fight for what they believe in...will love Memory of a Miner. This narrative brings us the colorful day-to-day life of real people who have been to work hard and play hard. As such, Memory of a Miner is an inspiring commentary on life which we can all relate to—a journal of joy and sadness, success and failure, hardship and bounty on an intimate scale. The story of a real-life hero who conquered unbelievable odds and not only persevered, but discovered how to truly enjoy life. Dad not only loved mining, but he was a crack storyteller...the fact that despite the coal wars at home and a World War abroad, the fun times shared and the memories formed are an integral part of the legacy. Memory of a Miner retells the historical integrity of the period by weaving facts of record with first-hand accounts of a miner's right in the thick of it all.
